NOTICE OF EMERGENCY SHELTER CLOSURE

To: WVCEH, Law Enforcement Agencies, 911/Emergency Communications, WV 211, Community Partners, and the General Public

From: Eastern Regional Family Resource Network

Date: September 28, 2026

Re: Shelter Closure Effective September 30, 2026 at 3:01 pm

The Eastern Regional Family Resource Network announces that the **Emergency Shelter at 2026 N. Elm Street, Moorefield, WV 26836, will close September 30, 2026**, due to the non-renewal of the facility lease.

The shelter will continue to **operate until 3:00 pm on September 30, 2026.**

Law enforcement, 911/Emergency Communications, WV 211, and other referral partners may continue to follow existing referral procedures through that date.

Beginning September 30, 2026, at 3:01 pm the N. Elm Street location will no longer operate as an emergency shelter. Please do not direct or transport individuals to this location.

A new shelter location has **not yet been finalized**. Eastern Regional FRN is actively working to secure another location and will release updated shelter and referral information as soon as it becomes available.

We recognize the impact this temporary closure will have on individuals experiencing homelessness and on the community partners who rely on the shelter as a referral resource. We appreciate your cooperation during this transition.

Joanna Reed, Executive Director
